Letter to Parents: 9 / 2017 (P5 Students Only)

Through: The Principal

Aesthetics

Dear Parent/Guardian,

ENRICHMENT PROGRAMMES/ACTIVITIES AND MASS COLLECTION FOR SEMESTER 1

Happy New Year to you and your family! I hope that your child is well-settled into the new academic year.

To support the school's Strategic Thrust 1 of Providing Holistic Education, the school will be organising a variety of enrichment programmes for your child. There are 5 attachments to this letter.

The first consists of a brief write-up of the enrichment programmes and activities. It includes information about the value of these programmes and activities, when they are conducted and other details for students to take note of.

The second attachment consists of an Edusave Withdrawal Form (for Singapore citizens) and a Payment Reply Form (for non-Singapore citizens) which must be signed and returned to your child's Form Teacher with the payment.

The school will co-pay for most of the programmes/activities to support the students' learning. However, there will be no refund once students have signed up for the programmes/activities.

The payment for Singapore citizens and non-citizens is different as Singapore citizens may tap on their Edusave Fund Account to pay for the programmes/activities. In addition, the school will subsidise students on the Financial Assistance Schemes (FAS) for most of the programmes/activities.

We will be doing a mass collection for all programmes/activities conducted in Semester 1. To facilitate the mass collection, please enclose the payment (cash, or cheque payable to 'Northland Primary School', unless otherwise stated) in a sealed envelope with your child's name, class, student ID and the amount clearly written.

We have also attached a list of topics to be taught in Semester 1 as well as the email addresses of the various subject teachers in P5.

We hope you could return all the forms and payment via your child's Form Teacher by **Friday, 13 January 2017** to allow the school sufficient time to process payment.

Should you need any clarification, please do not hesitate to contact me at shahrul_fadly_abd_rahman@moe.edu.sg.

Thank you for your support in giving your child a more enriching schooling experience.

Mr Shahrul Fadly
Primary 5 Year Head (Covering)

7) Service Learning@All Saints Home (Yishun)

Service Learning@Northland aims to engage students in meaningful community services, with their immediate family members as well as members of the community within their reach. Service Learning is not only about students serving the community. It enables students to identify the needs of the community, reflect on their own experiences in working with the community and therefore, have a better understanding of and appreciate what community service involves.

To provide opportunities for Northlanders to understand and serve the elderly better, the school, this year, is collaborating with All Saints Home, a nursing home in Yishun, to provide Northlanders the platform to interact and communicate with the elderly residents there.

In previous years, the students, on a voluntary basis, had prepared some little items in goodie bags for the residents. It would be good if the students could follow the footsteps of their predecessors. Each Class Form Teacher will work out the programme with the class nearer the date of the visit.

The schedule of the service learning is as follows:

Day/Date	Class
Monday, 20 March	5A, 5B and 5G
