12 January 2018

Letter to Parents: 12 / 2018 (P6 Students)

Through: The Principal

Dear Parent/Guardian,

Happy New Year to you and your family! I hope that your child is well-settled into the new academic year.

1) FOSTERING A STRONG AND PRODUCTIVE PARTNERSHIP

In order to enjoy success in school, our students need support from both the home and school. A strong partnership with you will make a great difference in your child's education. My level teachers and I are looking forward to a productive partnership with you in order to bring out the best in our students. Let us work together so that your child can achieve his/her highest potential.

By now, you would have received a letter from your child's Form Teacher, informing you of the items to bring to school daily and the relevant administrative matters.

We seek your guidance and support in your child's learning by ensuring that he/she:

- 1) Attends school daily and arrives on time, ready for the day's learning experience
- 2) Completes all homework assignments given by teachers
- 3) Reads daily to develop a love for reading and to improve literacy skills
- 4) Shares school experiences with you so that you are aware of his/her school life
- 5) Informs you and/or the teacher if he/she needs additional support in any area or subject

It is important to teach our students to take responsibility for their own belongings. We believe that a more proactive way of helping our students take responsibility for their own belongings starts from home. Parents can help our students learn this by inculcating the habit of checking for the items they need to bring to school every day. As per our practice last year, we would like to remind parents to refrain from delivering items to your child when he/she forgets to bring them to school unless they are critical ones, such as wallets, bus pass, medicine, spectacles or house keys. Students must learn to think on their feet and find their own solutions on those occasions when they have forgotten to bring an item to school.

2) YEAR HEAD BRIEFING

As a follow-up to the Principal's Letter to Parent (Ref No. 1/2018), we would like to remind you of the Year Head briefing to be held on **Saturday, 20 January 2018**. ***However, there is a slight change in the schedule. Please refer to the revised schedule overleaf.***

Please scan the QR code below and we will try our best to address your queries during the briefing. We look forward to your attendance.

3) SCHOOL POLICIES AND PROCEDURES

We would also like to inform parents of some school policies and procedures pertaining to:

a) Leaving School Premises for Lunch on Days with After-School Activities.

Students are **NOT** allowed to leave the school premises for lunch on those days with after-school activities (*CCA/ Remedial / Supplementary lessons or Special Programmes*). This is to ensure that your child's safety and health are not compromised. As teachers will not be on duty to monitor road safety or refrain students from consuming unhealthy food, nibbles or fast food meals after school hours, we kindly seek your understanding and cooperation in this matter.

Exceptions are made for the following:

1	Students who live near the school and have lunch at home.	Parents are to indicate in Annex A if they require their child to eat at home or if they want their child to have lunch with them. Please submit Annex A to your child's Form Teacher. A Re-entry pass will be given to these students for them to present to the security guard.
2	Students eating with their parents	

Students re-entering the school without a valid pass will have their names recorded. We hope with the implementation of this system, it will help you to ensure that your child does not loiter outside the school without your permission. Do take note that your child is required to be on time for all after-school activities.

b) Bringing of mobile phones to school

While we strongly discourage students from bringing mobile phones to school, we understand that there might be an urgent need for your child to bring it on a case-by-case basis. However, we would like to reiterate that students are bound by the strict rules and regulations on the use of the mobile phones as specified in the Student Handbook. We would like to inform parents that the mobile phones will be confiscated should there be any misuse and violation of rules pertaining to their usage. We seek your understanding in this matter.

4) ENRICHMENT PROGRAMMES/ACTIVITIES FOR SEMESTER 1

To support the school's Strategic Thrust 1 of Providing Holistic Education, the school will be organising a variety of enrichment programmes for your child.

Attached in this letter is a brief write-up of the enrichment programmes and activities. It includes information about the cost of these programmes and activities, when they are conducted and other details for students to take note of. The school will co-pay for most of the programmes/activities to support the students' learning.

The payment for Singapore citizens and non-citizens is different as Singapore citizens may tap on their Edusave Fund Account to pay for the programmes/activities. In addition, the school will subsidise students on the Financial Assistance Schemes (FAS) for most of the programmes/activities.

The Consent Form for participation in these activities is also attached. This must be signed and returned to your child's Form Teacher by Monday, 15 January 2018. We look forward to his/her participation and active involvement in these programmes.

5) TOPICS TO BE TAUGHT FOR THE SEMESTER.

The final attachment in this letter is the Topics to be Taught for the Semester.

Thank you in advance for your unwavering support in giving your child an enriching school experience. Should you need any clarification, please do not hesitate to contact me at shahrul_fadly_abd_rahman@moe.edu.sg.

We look forward to a very positive and productive year together.
